Dear Mr. Dennis:

I would like to thank you and your staff for the outstanding job performed on the Golf Course development project for Fairfield County. The marketing material your staff created to market potential development in the county at the Golf Course Developers' Convention was exceptional.

Your site development engineers not only provided a conceptual layout for the golf course and surrounding residential development, but also provided full-service marketing support through design and concept creation for the brochure as well as offering printing services in house. From concept to completion, your staff handled each aspect of marketing this project with enthusiasm and professionalism. They accomplished this on time and under budget, no easy task for two weeks.

I look forward to working with your staff on future economic development and marketing efforts for Fairfield County.

Sincerely,

Tiffany Harrison
Economic Development Director
