Re: North Main Street Streetscape Project, Phase IA (File #40.640A)
Columbia, South Carolina

Dear Frank:

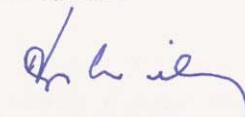

I would like to commend you and Dennis Corporation for the exceptional level of inspection and professionalism you provided over the past two years during the North Main Widening Project in Columbia, South Carolina.

As you are aware, the construction process can be constantly changing with many issues and delays arising. Throughout this project, you and your staff worked in keeping an open line of communication, which helped in preventing delays and project down-time.

I would like to thank you for working with us to meet the schedules of our crews and subcontractors. We appreciate the fact that we could always count on Dennis Corporation being there when called.

Thank you, Frank and the Dennis Corporation Team, for the professionalism provided on this project. I look forward to working with you and your company in the near future and if I can be of any assistance, do not hesitate to contact me.

Sincerely,
L-J, Inc.

Hugh W. Wilson
