RE: Construction Management Services

Dear Mr. Travis:

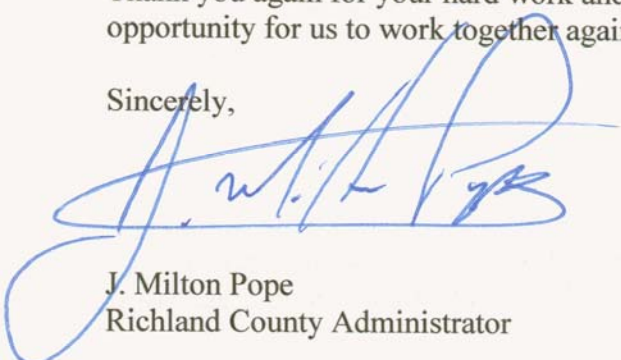

On behalf of Richland County I would like to commend you for your excellent work providing high quality construction management services. Your team of high-level engineers and experienced construction managers consistently kept the project under budget and ahead of schedule.

From early on in the project your staff met regularly with County representatives. As the project progressed your team was committed to addressing anything that could be a potential problem in the project as soon as it was spotted. This allowed the project to steer clear of any unnecessary project delays that could have arisen. Your staff's professionalism and knowledge of the construction process kept the project running smoothly, avoiding any downtime and maintaining open communication with all parties invested in the project.

We are very pleased with the outcome of this project. Your hard work and commitment to maintaining the project schedule meant that every aspect of this project was completed right the first time. We are very grateful for this. Additionally, because of your excellent work on this construction management project, it has been awarded numerous accolades.

Thank you again for your hard work and commitment to Richland County. I look forward to the opportunity for us to work together again to help meet the needs of our citizens.

Sincerely,

J. Milton Pope  
Richland County Administrator
