Dear Dan:

I want to express my sincere thanks and gratitude for the wonderful program "How To Price a Job" that you presented to Disadvantaged Business Enterprise firms on April 25, 2008. I have been in the training and development field for a number of years and can honestly say that it was one of the most well thought out, relevant programs that I have attended.

The business firms in attendance felt that they received very valuable information and said that it is one of the best programs that they have attended in a long time. In fact, Dr. Arlene Prince received a phone call immediately after the training and the firm expressed to her that it had been an extremely valuable experience.

The SCDOT Business Development Center appreciate your willingness to share your ideas and experience with our certified minority business firms. It was evident that you put a lot of time and effort into making this a great opportunity for all of those who participated.

Thank you for donating your time and talent to benefit others!

Sincerely,

Martha S. Monjo
Business Development Training Manager
