To Whom It May Concern:

I would like to commend Frank Hribar and Dennis Corporation for the excellent service given during the widening and storm drain improvements on Whipple Road in Mt. Pleasant, South Carolina.

Throughout this project, Mr. Hribar promptly returned phone calls and e-mails, providing timely service. Mr. Hribar and his staff worked daily with the SCDOT staff and I appreciate the fact that he was very attentive and knowledgeable with our questions and concerns.

In addition, it is rare to have a Final Inspection which does not require corrective work, but because of Mr. Hribar's hands-on approach this was exactly what we encountered on Whipple Road. I believe his efficient manner helped to keep this project on track and moving along.

Thank you, Frank and the Dennis Corporation Team for the professionalism provided on this project. If I can be of any assistance in the future, do not hesitate to contact me.

Respectfully,
