

Dennis Corporation office in Winnsboro.

## Dennis Corp. opens office in Winnsboro

**BOBB HANE**  
*Staff Writer*

The Dennis Corporation, which provides engineering services to Fairfield County government, will soon become part of the business community in Winnsboro.

According to President Dan Dennis, a satellite office will be opened at 118 South Congress Street during October.

"Located in downtown Winnsboro, the new office will allow Dennis Corporation personnel to provide prompt service to the citizens of Fairfield County and provide expedited completion on current projects," Dennis said.

Terry Vickers, President of the Fairfield County Chamber

of Commerce, said, "The Chamber of Commerce is extremely excited to have a company the caliber of Dennis Corporation located within Fairfield County. Their

professionalism and interest in supporting community efforts and development is a very positive step for Fairfield County."

Dennis Corporation is a South Carolina licensed civil engineering, surveying and

construction management firm. The company's specific fields of expertise include transportation engineering, design, construction management, surveying, site/civil design and construction inspection and testing.
