Dennis Corporation Opens New Office in Beaufort County, SC

BLUFFTON, S.C. – Dennis Corporation, a South Carolina licensed engineering, survey and construction management firm, is pleased to announce the opening of their new branch office in Beaufort County, South Carolina. The new office will be located at 6 Buckingham Plantation Drive in Bluffton.

The decision to open the Bluffton office came after Dennis Corporation was selected to manage the Beaufort County 1% Sales Tax Road Improvement Program, overseeing more than \$300 million on local road and bridge projects in the county during the next five years. As the program manager, Dennis Corporation will be responsible for assisting Beaufort County with scheduling, budgeting and construction management.

Dennis Corporation sees this as a great opportunity and is very excited to open an office in Beaufort County. This new office will give Dennis Corporation a permanent presence in the community, while allowing the County's Program Management needs to be met quickly and efficiently.

Dennis Corporation, including their new Bluffton location, has four offices located throughout South Carolina, with their headquarters located in Columbia, South Carolina. The firm also has an office in Huntington, West Virginia. Dennis Corporation is a licensed engineering, survey and construction management firm. Since its inception, Dennis Corporation has grown to employ fifty-three professionals whose specific fields of expertise include civil infrastructure, construction services, construction management, expert witness services, intelligent transportation engineering, program management, traffic engineering, transportation design, special projects and surveying.
