

DENNIS CORPORATION OPENS CHARLESTON, SC OFFICE

November 4, 2009

Columbia, SC - Just weeks after announcing the grand opening of our Ridgeland Field Office, Dennis Corporation proudly opens the doors to its new Environmental Office in the Charleston, SC area.

Located at 410 Mill Street, Suite 401 in Mount Pleasant, this office will allow Dennis Corporation to provide expedited service to our Charleston area clients. Led by Dennis Corporation's new Environmental Manager, Ms. Kally McCormick, the Charleston Office will be the home of Dennis Corporation's Environmental Services Division. Ms. McCormick graduated from the College of Charleston in 2002 with a B.S. in Marine Biology and has since worked for governmental agencies and engineering companies on the east and west coast on a variety of projects requiring environmental permitting.

Ms. McCormick is excited to open the new office and join the Dennis Corporation team, stating, "I love exploring the forests, rivers, streams and lakes in our state, particularly the swamps, wetlands and beaches in the lowcountry. Because of this, I am thrilled to be located in Mount Pleasant and to help Dennis Corporation's clients with their environmental needs."

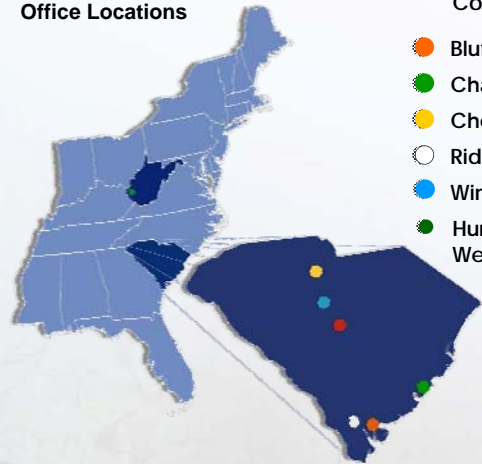

With the addition of the Charleston area office, Dennis Corporation now operates out of six offices in South Carolina and another in Hurricane, West Virginia.

Dennis Corporation is a South Carolina licensed civil engineering, surveying and construction management firm. Dennis Corporation's specific
