Re: Personal Reference

To Whom It May Concern,

I have known Dan Dennis since 1986 when we matriculated at the Citadel. During the past twenty years, Dan has proven to be an honest and trustworthy friend who has kept true to his word regardless of the circumstances or situation. We have assisted each other on both personal and professional endeavors. I consider him to be an excellent engineer and, moreover, a genuine leader with impeccable integrity.

I would recommend Dan to anyone needing an innovative problem solver who can motivate those around him to accomplish the tasks at hand. Please do not hesitate to contact me with any specific questions concerning my association with Dan.

Sincerely,

Bradley Morrison
