W. Michael Linville

Director Procurement

Mr. Dan Dennis PE, PLS
President
Dennis Corporation
5000 Thurmond Mall, Suite 114
Columbia, South Carolina 29201

To Whom It May Concern:

On behalf of Fairfield County, I would like to personally commend you on the professional level of design and inspection services that you are providing for the on-call contract. During the first phase of this contract, Dennis Corporation has been tasked to design 13.5 miles of roadways, approximately 1 mile of sidewalk, a parking facility and a pedestrian walkway that will attach to the 660' Dutchman's Creek Bridge.

Dennis Corporation has provided sound engineering solutions and a common sense approach to funding, planning, design and construction of these facilities. Based on the first two contracts submitted for bids (2006 Road Improvement Program and Moultrie Street Sidewalk Project), the construction bids received were approximately 15% under the engineers estimate. This is a fine example of accurate construction specifications, plans and pre-bid meetings with Contractors.

Dennis Corporation has become an extension of our staff working closely with public works, CTC, county staff and the utility companies within the county. As a County official, we pride ourselves in providing the citizens of Fairfield County with safe and economically designed facilities. We are very proud of the work and effort that Dennis Corporation has provided Fairfield County and look forward to many more successful projects.

Sincerely,

A handwritten signature in cursive script, appearing to read "Michael Linville", is positioned above the typed name.
