Mr. G. Tim Antley
Construction Services Manager
Dennis Corporation
5000 Thurmond Mall, Suite 114
Columbia, South Carolina 29201

Dear Tim:

I would like to express our gratitude for the level of inspection and professionalism you provided during the construction of the new loop road at the Columbia Metropolitan Airport. As you are aware, the construction process is not an exact science and many issues can and do arise. The open line of communication that we shared helped in preventing delays and costly rework. As a contractor, we pride ourselves in providing a quality project on budget and ahead of schedule. Your quick response to change orders and construction estimates helped keep the project on track.

On a personal note, I would like to thank you for adjusting your schedule to meet the schedules of our subcontractors. During the paving process, you worked with the paving contractor to ensure the traffic control devices were in place to provide a safe work zone for the traveling public. I look forward in working with you and your company in the near future.

Sincerely,

Jim Ewart,
Vice President
US Constructors, Inc.
