Dear Mr. Dennis:

Please accept this sincere note of appreciation for your generous support of our 18th Annual Charter Day Awards dinner. Benedict College is defining its future in new ways, enhanced most definitely by your financial generosity. We are enclosing a brochure on our annual giving campaign, which we hope you will find compelling. There is a never ending quest for resources to assist our students with tuition assistance and scholarships.

Your willingness to share the evening of April 2 with your financial and moral support is most gratifying. We are also enclosing a short survey which we would ask you to complete and mail back to us in the accompanying envelope. Your candid responses will assist us in making our plans for Charter Day 2009 an even more special evening. Thank you for being here for us today and certainly tomorrow.

Sincerely,

Love Collins, III
